# *Processors Auction at the 2015 Motor City Slitters*

*Monday, Sept. 21, 2015*

*Wabeek Country Club / Bloomfield Hills, Mich.*

NUTS, BOLTS & THINGAMAJIGS®
The Foundation of the Fabricators & Manufacturers Association, Intl.

## HELP SUPPORT THE NEXT GENERATION OF MANUFACTURERS!

The Outside Processors Council (OPC), through the Nuts, Bolts & Thingamajigs Foundation, has established an endowment fund to award annual scholarships for the next generation of students preparing for careers in manufacturing, specifically the metals industry. With our industry's support, OPC members and others in the processing community have contributed **over $140,000** to support manufacturing education!

### HOW YOU CAN HELP:

1. Companies can donate processing time or related service to the auction. Your company's name and logo will be displayed with details about your donation throughout the Motor City Slitters event on Sept. 21, 2015.
2. Cash donations are also appreciated! For donations of $500 or more, your company logo will be displayed on promotional materials before and during the event.
3. Get your bids in! See the accompanying list of donated services and current bid amount for each item – submit your completed bid form to place a bid prior to the Motor City Slitters event (**pre-event bidding ends Sept. 11, 2015**). And if you're planning to attend the Slitters event, you'll have a final chance to place the winning bid as bid sheets will be on display throughout the evening reception. See bid forms for auction rules.

Proceeds from the silent auction will be contributed to the general fund of Nuts, Bolts & Thingamajigs, the foundation of FMA, a not-for-profit organization, unless otherwise specified by the donor. The fair market value of donations is tax deductible up to the extent allowed by law.

*THANK YOU* to **Grand Steel Products**, host of the 2015 Motor City Slitters, for helping to promote manufacturing education through their support of this auction!
